

Living With Grief® Home Study Series

Hospice Foundation of America in conjunction with Hospice College is pleased to offer HFA's *Living With Grief*® National Bereavement Teleconferences as home study courses for individuals. The program videos and companion textbooks offer insight and practical advice into the ways loss can affect our lives. These home study courses are each approved for three (3) contact hours of continuing education. If you missed any of these *Living With Grief* teleconferences, now you can receive three contact hours of continuing education for little more than the cost of the book and DVD.

Board Approvals:

Association of Social Work Boards

Hospice Foundation of America #1090, is approved as a provider for social work continuing education by the Association of Social Work Boards (ASWB) www.aswb.org, phone: 1-800-225-6880, through the Approved Continuing Education (ACE) program. Hospice Foundation of America maintains responsibility for the program. Social workers participating in this course will receive 3 continuing education clock hours. Licensed social workers should contact their individual state jurisdiction to review current continuing education requirements for licensure renewal.

- Living With Grief: Children and Adolescents** focuses on the experience of grieving children and adolescents and the ways that hospices, schools, grief counselors, and parents can best support these populations as they cope with loss and grief.
- Living With Grief: Before and After the Death** offers the most current theoretical perspectives on loss and grief as experienced by persons throughout a life-limiting illness and by survivors after the death.
- Pain Management at the End of Life: Bridging the Gap Between Knowledge and Practice** examines the gap between knowledge and application of effective pain control in the person with a terminal condition, including pharmaceutical, psycho-social, spiritual, and complementary aspects of pain management.
- Living With Grief: Ethical Dilemmas at the End of Life** offers constructive advice to those who are facing the difficult circumstances that surround caring for someone who is dying.
- Living With Grief: Alzheimer's Disease** offers insight and advice to all who are involved in the care of patients with Alzheimer's disease and other dementias.
- Living With Grief: Coping With Public Tragedy** looks at factors that define a public tragedy and offers suggestions for those helping their communities deal with loss.
- Living With Grief: Loss in Later Life** explores the losses found in later life and ways professionals can effectively serve those coping with loss.
- Caregiving and Loss: Family Needs, Professional Responses** examines the ways health care professionals can better support family caregivers.
- Living With Grief: At Work, At School, At Worship** discusses how grief influences us in our day-to-day surroundings; offers interventions that communities can use in assisting those struggling with loss.
- Living With Grief: Who We Are, How We Grieve** offers insight into the ways that culture, spirituality, age and gender affect the grieving process.
- Living With Grief: When Illness is Prolonged** examines the relevance that a long-term illness can have on the grieving process, both before and after death.
- Living With Grief: After Sudden Loss** discusses the intense and complicated reactions surrounding sudden death and the losses associated with accidents, suicide, homicide, heart attack and stroke.

Participant must complete and return to HFA the evaluation form included with each course in order to receive documentation of contact hours:
